

As you know, Rosemor celebrates it's 30 year anniversary

NEWS FROM ROSEMOR

WE ARE HERE TO MAKE THINGS EVEN BETTER!!!!

We now offer you a unique opportunity to trade in your old Rotomac in part exchange against a new Rotomac ET15B.

The Rotomac ET15B has been developed for better performance, greater efficiency and longer life. (More details at www.rosemor.com www.rosemor.net).

Your old Rotomac 360 compared to the new Rotomac ET15B:

- Rotomac 360 has 11 brushes. The new Rotomac ET15B has 15 brushes
- New tanks, trolley and hood design.
- Rotomac ET15B has a battery back-up for removing the machine safely from the escalator should there be a power surge or a fault with escalator.
- New, improved stainless steel buttons on control panel - more durable.
- Plug socket located on the ET15B for the T10 attachment (Moving walkway cleaning machine).
- Time settings increased to include a 15 seconds option for quick 'maintenance' cleaning.
- Manuals include more pictures to help the operator or technician.

Same build quality and materials you expect from Rosemor

Rotomac ET15B

T10 attachment

T10i
